SKILLS

- **Product&Strategy:** Product Thinking, Product Development, Requirements Analysis, Problem Definition, Prioritization, Roadmap Planning, KPI Analysis, Data-Driven Decision Making, Stakeholder Communication, Business Analysis
- **Technical:** System Design, Software Architecture, API Integration, Frontend-Backend Integration, Python, C++, C, PostgreSQL, JavaScript, Git, GitHub, Pandas, Excel, Data Analysis
- **Tools/Platforms:** Generative AI, LLM Applications, Prompt Engineering, Multi-Agent AI, AI Workflows, Conversational AI, CrewAI, OpenAI API, AI Product Development
- **Soft Skills:** Problem-Solving, Teamwork, Adaptability, Time Management

INTERNSHIP

- | | |
|---|--------------------------|
| Future Agent AI Intern EWB Courses | September 2026 - Present |
| <ul style="list-style-type: none">• Developing practical experience with AI agents, LLM-based workflows, and AI application development.• Working with agent-based approaches to structure tasks, workflows, and AI-driven solutions.• Applying technical problem-solving and experimentation to build and evaluate AI-powered solutions. | |

PROJECTS

- | | |
|---|----------------|
| SkyPrice Chatbot AI – Powered Flight Price Chatbot Python, JavaScript, AI, APIs | July 2026 |
| <ul style="list-style-type: none">• Designed an AI-powered conversational product for flight-price queries, combining AI application development, user requirements, workflow design, and consumer-focused product experience.• Integrated frontend, backend, APIs, and application logic to build technical workflows for processing flight-related queries and information.• Applied AI-driven decision support and technical problem-solving while focusing on usability, product functionality, and reliable information delivery. | |
| CrewWisdom AI Agent SEC Trade Analysis & RAG-based Insights Bot | September 2025 |
| <ul style="list-style-type: none">• Designed a modular multi-agent AI workflow using CrewAI, with specialized agents for data retrieval, data conversion, analytics, visualization, RAG insights, and report generation.• Architected an end-to-end data processing workflow covering SEC Form 4 retrieval, JSON-to-CSV conversion, transaction analysis, data aggregation, chart generation, and automated report generation.• Applied regulated-domain data and risk/compliance signals by analyzing insider-trading activity, identifying unusual trades and concentration risks, and incorporating SEC reporting data into the product workflow. | |

CERTIFICATION

- | | |
|---|----------------|
| • Technology Consulting Job Simulation PwC US | September 2026 |
| • Product Management Job Simulation Forge Academy | September 2024 |
| • Comptia Network+ Certified Comptia | April 2026 |
| • Python with Libraries Skillera | October 2024 |

EDUCATION

- | | |
|---|---|
| • Lovely Professional University
<i>Bachelor of Technology - Computer Science and Engineering; CGPA: 8.31</i> | Phagwara, Punjab
Since August 2024 |
| • Citadel Residential School
<i>Intermediate; Percentage: 85.5%</i> | Ranni, Pathanamthitta
July 2023 - March 2024 |
| • Citadel Residential School
<i>Matriculation; Percentage: 91%</i> | Ranni, Pathanamthitta
June 2021 - March 2022 |
